2014 NW Lab Forum Schedule

Friday March 21, 2014

12:00 p.m. - 1:00 p.m. Registration Open

1:00 p.m. - 2:30 p.m.

“Corporate Dentistry and the Downward Trend in the Economics of Dentistry” Steve Hardymon: *Sponsored by WSDA*
Explore recent circumstances that have significantly impacted dentistry and their impact on the laboratory professional. Topics include: “Growth of large group and corporate practices”, and “After the recession: Will dentistry come back?”
(1.5 hours of Professional Development Credit)

2:30 p.m. - 2:40 p.m. Break and Networking

Sponsored by Ivoclar Vivadent, Inc.

2:40 p.m. - 4:10 p.m.

Interactive Panel Featuring Leaders in the Dental Laboratory Industry (1.5 hours of Professional Development Credit)

4:10 p.m. - 4:20 p.m. Break and Networking

4:20 p.m. - 5:20 p.m.

“Making Sense of U.S. FDA and State Legislative Standards” Bennett Napier, CAE: *Sponsored by NADL*
This course will provide attendees with an understanding of the following FDA regulation requirements; Registration and Listing, Labeling and Disclosure, Reasons for FDA Inspections, and the Dental Material Recall Processes. **Content in this session will focus on owner/manager compliance.** (1 hour of Regulatory Standards Credit)

5:30 p.m. Reception in the Atrium

Saturday, March 22, 2014

7:30 a.m. - 8:00 a.m. Registration and Continental Breakfast
Breakfast Sponsored by GC America

8:00 a.m. - 11:00 a.m. CHOOSE ONE TRACK:

Removables Track: “Removable Prosthetics: Fabricating the Exceptional” Tom Zaleske, AS: *Sponsored by: GC America*
This course will explain various curing options available for denture base acrylics with emphasis on the injection, microwave, and conventional techniques, and provide technical tips to provide better curing outcomes. It will also focus on finishing techniques beyond the standard pumice and polishing methods, surface and subsurface denture base colorization techniques, and basic implant bar processing techniques. (3 hours of Scientific Credit)

Fixed Track: “Zirconia Restorative Solutions”

Kathleen Catanzaro, CDT: *Sponsored by Dentsply Prosthetics*
During this presentation attendees will learn specifics about Cercon® Zirconia as a premium material choice for fixed dental restorations. A brief history of the material and technical data will be covered, followed by an hour long visual demonstration. (3 hours of Scientific Credit)

11:00 a.m. - 2:00 p.m. Trade Show, Table Clinics, and Lunch

2:15 p.m. - 4:15 p.m. CHOOSE ONE TRACK:

Removables Track: “Digital Open Solutions for Fixed and Removable Restorations: Integrating CAD/CAM Technologies into your Laboratory”

Sean Ferguson, CDT: *Sponsored by Dentsply Implants*
Many CAD/CAM technologies are currently available that allow dental laboratories to digitize their workflows. The Digital Open Solutions portfolio offered by DENTSPLY Implants provides dental laboratories with the opportunity to optimize their existing equipment to supply high quality, patient-specific, CAD/CAM restorative solutions to their clinicians. This program will provide an overview of the many benefits that incorporating a complete digital technology process can bring to the dental laboratory. (2 hours of Scientific Credit)

Fixed Track: “The Life of a Digital Crown”

Alwyn Naraine, CDT: *Sponsored by Zahn Dental*
Journey through the communication and workflow that blends today’s modern dental laboratory with digital technology. Learn how Digital Solutions are seamlessly integrated to work together, yet strategically open to support a large variety of restorative options. This lecture discusses the new choices in materials from a multitude of final restorative options, as well as how to increase the efficiency of the laboratory by streamlining communication to the dentist to grow profits and production potential. (2 hours of Scientific Credit)

4:15 p.m. - 5:15 p.m.

“Making Sense of U.S. FDA and State Legislative Standards” Bennett Napier, CAE, NADL: *Sponsored by NADL*
See course description for Friday evening seminar. **Content in this session will be focused towards technicians.** (1 hour of Regulatory Standards Credit)

Sunday, March 23, 2014

8:00 a.m. - 3:00 p.m. (Includes Lunch)

Lecture and Hands-On Demonstration- “PFM Anterior Crowns” Thomas Sing, MDT: *Sponsored by GC America*
Producing esthetic and functional ceramic solutions is all about inspiration, motivation, emotion, and passion. With his unique perspective on these essential facets of ceramic art and technology, Thomas Sing will show how he approaches a highly esthetic outcome on two single anterior PFM crowns. Thomas will also share ceramic cases that worked out nicely, and cases that didn’t - in other words, real life! This is a course by a dental technician, for dental technicians. (6 hours of Scientific Credit)
